

GaloreSmart INTELLIGENT IoT SOLUTIONS

**Smarter Connections.
Better Decisions.
Stronger Businesses.**

We deliver end-to-end IoT solutions that connect people, assets, environments, and equipment. Our solutions provide real-time visibility, actionable insights, and automation to drive efficiency, safety, and growth.

OUR SOLUTION PORTFOLIO

PEOPLE MOVEMENT ANALYTICS

- ✓ Workforce & visitor tracking
- ✓ Occupancy & space utilization
- ✓ Flow analytics & insights
- ✓ Staff duress / SOS wristbands with live location
- ✓ Better operational planning

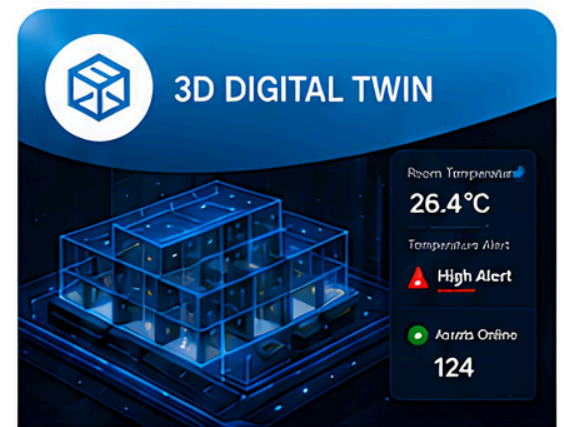

ASSET TRACKING

- ✓ Real-time asset visibility
- ✓ Indoor & outdoor tracking
- ✓ Inventory management
- ✓ Loss prevention
- ✓ Improved asset utilization

INDOOR NAVIGATION

- ✓ Guided asset navigation & find-with-buzzer
- ✓ Visitor guidance
- ✓ Smart campus navigation
- ✓ Warehouse routing
- ✓ Enhanced user experience

3D DIGITAL TWIN

- ✓ Live 3D visualization of your facility
- ✓ View the exact room, bay & corridor for every asset
- ✓ Instantly locate alerts in real-world context
- ✓ Interactive digital twin for faster decision-making
- ✓ Your facility alive on screen—not just dots on a floor plan

GaloreSmart Monitoring Dashboard

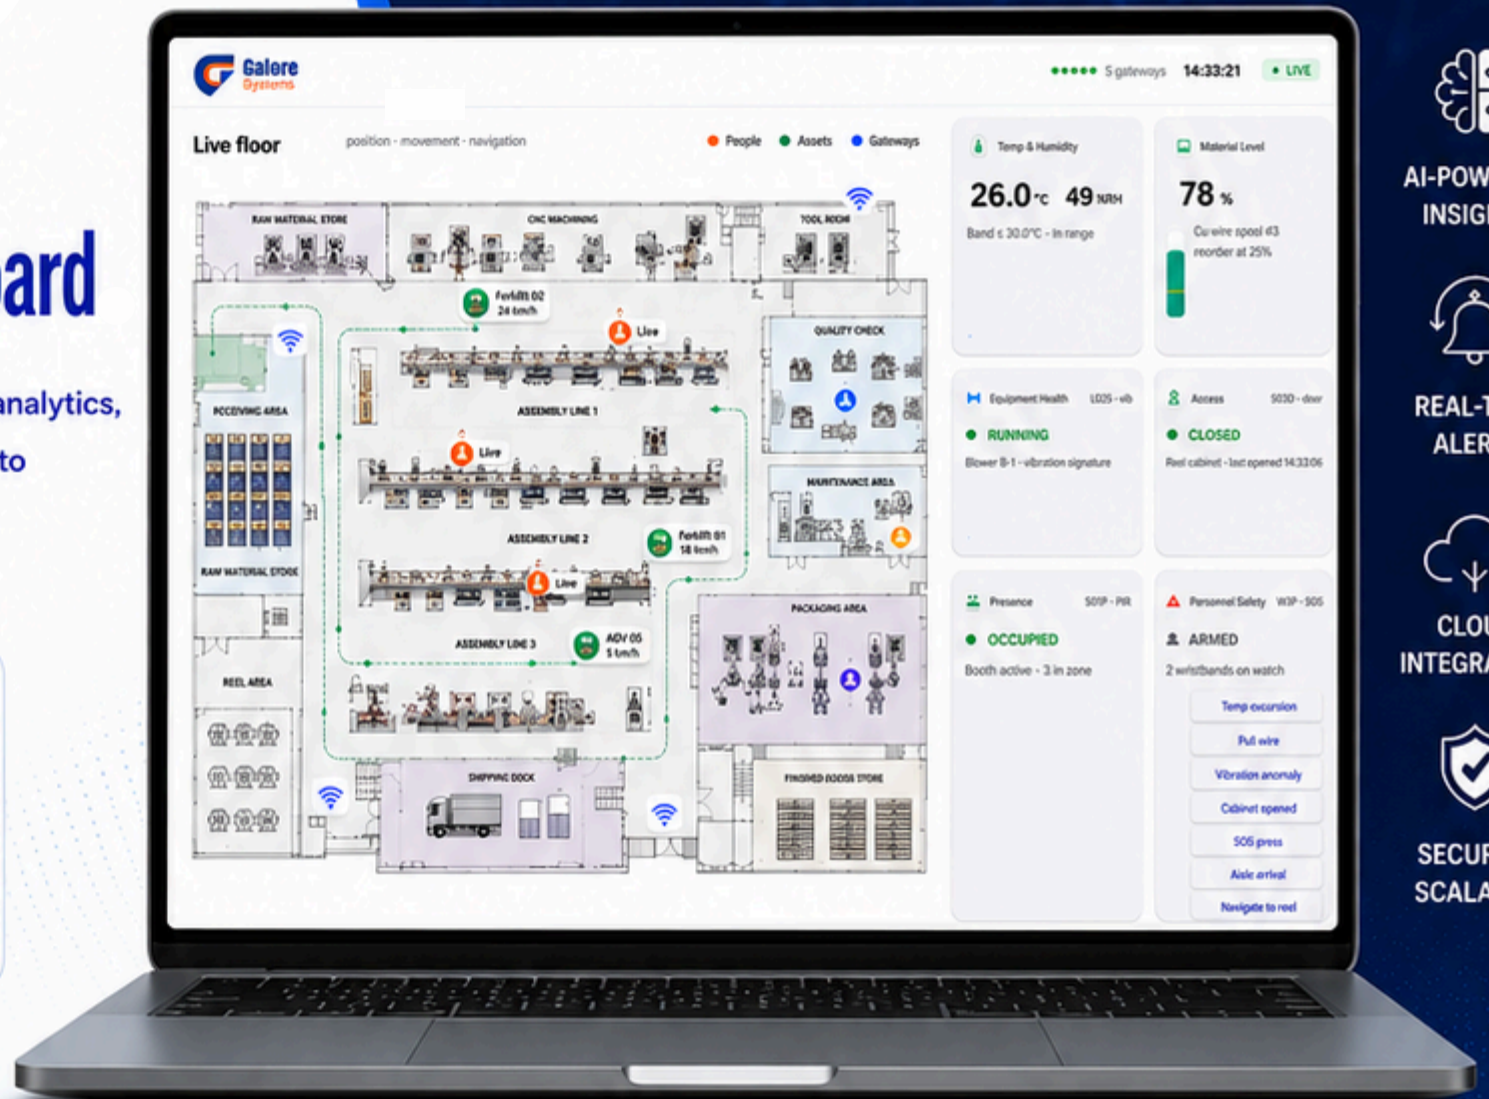

From environmental monitoring to AI analytics, our IoT solutions turn real-time data into actionable insights.

Cloud — hosted, secured and maintained by us

On-Premise — runs on your machine; your data never leaves your premises

AI-POWERED INSIGHTS

REAL-TIME ALERTS

CLOUD INTEGRATION

SECURE & SCALABLE

LEVEL MONITORING

- Tank & silo level monitoring
- Water & wastewater management
- Fuel level monitoring
- Chemical level monitoring
- Overflow & leak prevention

EQUIPMENT MONITORING

- Machine health monitoring
- Predictive maintenance
- Vibration & performance analysis
- Energy monitoring
- Downtime reduction

TEMPERATURE & HUMIDITY MONITORING

- Cold chain monitoring
- Warehouses & storage
- Server rooms & data centers
- Healthcare & laboratories
- Environmental condition tracking

AI ANALYTICS & DASHBOARDS

- Real-time dashboards
- Predictive analytics
- Automated alerts & notifications
- Trend analysis & reporting
- Data-driven decision making

INDUSTRIES WE SERVE
